

TECHNICAL DATA SHEET

Product	COBALT GLUCONATE
Chemical Name	BIS(D-GLUCONATO-O1,O2)COBALT;COBALT(II) GLUCONATE HYDRATE
CAS	71957-08-9
Chemical Formula	$C_{12}H_{22}CoO_{14}$
Molecular Weight	449.23
EINECS Number	276-206-1
Molecular structure	

SPECIFICATION :

ITEM	STANDARD LIMITS
Appearance	Pink powder
Assay (Cobalt Gluconate on dried)	97.0- 103.0
Loss on drying(105°C temp for 2	≤3.0-12.0%
Lead (ppm)	≤10
Chloride (ppm)	≤600
Sulphate (ppm)	≤500
Arsenic (ppm)	≤3

Packaging:

Bags or 25kgs sealed polyethylene bags in fiber drum or pack as customers needs.

Application:

- 1) In cosmetics, skin care products, the main role is the skin conditioner, with the effect of curing and regulating the skin.
- 2) As a food additive, nutritional supplement, supplement animal body mineral elements, can improve human immune function

Shelf Life:

2 years in original packaging containers.
